Appendix A – Supporting Notes

Where possible, HB will apply the rules in terms of their intent, with deference to a sense of natural justice. This section will elaborate on certain rules to help provide clarity and a sense of the tone in which they were conceived.

December 2014

At the Special General Meeting convened 3 December 2014, the following changes to the By Laws were approved.

Penalty Units

Penalty units were abolished. Hockey Ballarat does not fine its clubs for breaches, rather it works with the club to find a solution. Where rules are breached and a penalty is required, deducting premiership points is seen as the most effective way to bring about a change in behaviour.

By Law 2.1 – Administration

This By Law was amended to reflect the Hockey Ballarat organisational structure that incorporates an Executive Committee and the relevant sub committees.

Additional By Law: 5.3.2.2 ‘Cross Over’ Players

The addition was agreed to encourage clubs to enter two teams in a particular grade if their numbers allowed it. Some additional concession allowing or more players to ‘Cross Over’ more often will encourage clubs to enter two teams in their first year only, to encourage participation.

Additional By Law: 5.14.1

The addition was agreed to ensure each Junior team has a fully equipped Goalkeeper playing in every game. This was agreed to ensure the development of Goalkeepers and their safety.

Additional By Law: 5.14.2

The addition was agreed to align Hockey Ballarat By Laws with Hockey Australia (FIH) rules and to clarify the position of Goalkeepers.

Additional By Laws: 7.7 & sub-sections

The additional By Laws were agreed to confirm the Golden Goal Extra Time rule across all grades.

The inclusion of a Penalty Shootout (one on one competition with the GK), brings Hockey Ballarat rules into line with Hockey Australia (FIH) rules

It was agreed that the Penalty Shootout (one on one competition with the GK), was not appropriate for all Junior Grades and that the Junior Sub-committee should agree, prior to

the end of April each year, how the Tie Breaker will be played.

The following notes related to changes made to the By Laws, prior to December 2014.

2. Administration

- 2.6 Where required, the Hockey Ballarat Committee will form a panel to pass judgment on any incident. The panel will have the power to hand down penalties and fines based on the evidence heard.*

HB will attempt to resolve any issues with the shortest possible delay. The committee will be mindful of the need for team selection and the affect of disruption on preparation. Specifically with regard to the finals series and the position of teams approaching the end of the season.

5. Competition Rules

- 5.2 The association requires each team to list all team players (including a nominated goal keeper), with a minimum of eleven players by round three.*

The intent is to ensure viable teams are encouraged and struggling teams are flagged for assistance. To promote a safe competition, it is required that a specialist goal keeper be named to help build their skills.

- 5.3 "Double Up" rules - apply only, when a club enters more than **one** team in the same division of a Hockey Ballarat competition*

Significant discussion and research has been conducted around the issue of a club entering two teams in one completion. The intent of our framework is to allow teams to be competitive while avoiding the appearance or occurrence of stacking. Other associations have gone down the path of developing rules for every possible situation. This has led to a confusing and on occasion conflicting set of rules. The spirit of this rule is to be fair to both sides of the competition, while maintaining the integrity of it.

- 5.11 GP is given as Goals scored for, divided by goals scored against multiplied by 100%.*

Designed to be in line with Sporting Pulse calculations. No rounding shall be applied, this ensures that for teams to be level, they must have exactly the same resulting stats.

No longer applies from 2013 as Sporting Pulse no longer used

5.12 *Matches must be played as arranged on the draw card, except that in special circumstances a match may be played at another time within three weeks of the scheduled game. Mutual consent of the teams concerned and the Hockey Ballarat Committee is required. Teams must give the opposition and Hockey Ballarat a minimum of 48 hours notice if wanting to reschedule match. Should the petition for rescheduling be denied for any reason, the match will be deemed as a forfeit and 5.9 shall apply.*

It is intended that, where possible, competition results are based on actual game play. Clubs are encouraged to be flexible when receiving requests of this nature.

5.18 *Both teams shall be responsible for entering match details onto sporting pulse before 5:00pm Tuesday following the scheduled round*

Hockey Ballarat will keep its own records, independent of sporting pulse records, based on match cards. This is to assist auditing and maintain the integrity of the competition.

5.21 *Registered junior players over the age of 12 are permitted to play their own grade and one senior game per fixture round*

Clubs are encouraged to use discretion when allowing junior or under age players to play in the senior competition. This rule is designed to allow younger players to increase their skills, not allow teams to fill spare spots. Note also that younger players registered as juniors cannot be registered as seniors and thus fulfil the requirements of clause 5.2

7. Final Series

7.2 *All final matches will be held in accordance with the rules set down by the Hockey Rules Board and authorised by Hockey Australia*

Refer 2009 season where rules required every game to go to strokes – changed to fall in line with HV rules.

7.3 *To qualify to play in a final series, a player must have played at least one half of the regular season (rounded up to the nearest whole number) in that particular grade with the same team*

Associations researched generally used a figure between 33% and 50%. Half of the regular season was decided on (with special considerations available) to ensure the integrity of the competition. The intention is to ensure that two teams playing in a finals match have a reasonable chance of having met during the season in their current form. The rule will be revisited after the 2010 season to gauge its effectiveness.

9. Umpires

9.1 Each Senior Team is to nominate a minimum of two umpires on the registration form to perform umpiring duties throughout the season.

The intention here is to ensure teams have a commitment to the umpiring process. These umpires do not have to umpire every match, but they will serve as the team's delegate in all umpiring matters. Training will be provided to them if requested.

13. Health & Medical Considerations

13.1 Clubs must have and maintain a first aid kit present at regular matches.

13.2 Clubs must nominate a level one qualified first aid officer to be present at regular matches.

The intention is for teams to be self sufficient for minor first aid requirements. HB will provide a list of required items and training if required

15. Penalties

When defining automatic penalties for specific offences, significant research was conducted into other associations such as Geelong, CVHA (Bendigo), Albury / Wodonga and others. Specifically, the penalties are not designed to raise revenue, rather to act as a deterrent for repeated infractions.
